Pathways Program for Single Moms

Earn a certificate in just one year for fast-growing careers that pay self-sufficient wages.

The 1-year certification program is offered in Building Construction Technologies. Prepare for a position in:

- Construction and construction equipment
- Procurement
- CAD (computer-aided design)
- Solar panel installation
- Sheet metal and iron working

Enrollment in the Pathways Program includes:

- Paid tuition for a one-year certificate in technical education
- Quality-First/kindergarten-ready childcare
- Scholarship stipend ($5,000)
- Emergency funds (up to $400)
- Career services (coaching and planning)
- Internship opportunities
- Pre-graduation career fair with local industry leaders
